

The Catholic University of Applied Sciences Freiburg; or short: KH Freiburg; is a modern university for health and social care offering state of the art teaching and research facilities in a friendly environment. The 1900 students from all over Germany and the neighbouring countries currently registered at the university benefit from the close sense of community and one to one attention. At the same time, the Catholic University of Freiburg is at the forefront of German research in the areas of health and social care.

The Institute of Applied Research (IAF) at the KH Freiburg offers a

## Research Stay

to the PhD candidates from partner universities.

If you are interested in establishing contacts to the researchers at our university and in getting insight into research projects currently conducting at KH Freiburg, you are warmly welcome to apply!

What we offer to you:

- 1 month stay at our university as a scientific guest
- Exchange about KH Freiburg research areas and insights into the current projects running at our university
- Internship according to the DAAD rules (cover of your travel and accommodation costs in Freiburg)
- Help by getting in contact with professors and scientific staff working at our university
- Using the working spaces for academic assistances
- Access to the library

What we expect from you:

- To present your research topics and get insights into your current research projects within one of our scientific staff meetings
- To be open for exchange and cooperation with members of our university

Please send your application (using the application form attached) to our research coordinator Zofia Malachowska-Thiel ([zofia.malachowska@kh-freiburg.de](mailto:zofia.malachowska@kh-freiburg.de)) until 15 July 2023. If you have any questions, do not hesitate to contact Ms. Malachowska-Thiel.
